Legend	
Emergency shelter	Railway
Designated evacuation shelter	Landslide emergency warning area (steep slope)
Facility that supplements designated evacuation shelters	Landslide warning area (steep slope)
Disaster emergency storehouse	Landslide emergency warning area (debris flow)
Helipoint	Landslide warning area (debris flow)
Water level gauge	Active fault ^①
Emergency water supply facility	Active fault (position somewhat unclear) ^②
Weather gauge	Active fault (active flexure) ^③
River surveillance camera	Active fault (hidden part) ^④
Highway	Dip-slip ^⑤
Main road

Expected flood inundation area

This expected flood inundated area forecasts, through simulation, the situation of inundation when each river overflows due to flooding with the largest possible rainfall.

As this simulation does not take into account flooding of tributary rivers and short-term record rainfall, inundation may occur outside the designated area.

Name of basin	Total rainfall
Asake River Basin	24-hour total rainfall 752mm
Tabika River Basin	24-hour total rainfall 836mm
Taguchi River Basin	24-hour total rainfall 836mm
Sugitani River Basin	24-hour total rainfall 836mm
Yakego River Basin	24-hour total rainfall 752mm

Emergency shelter				
Ward	Name	Location	Phone	Capacity
Tabika	Tabika Public Hall	2066 Tabika	059-396-0127	90
Sugitani	Sugitani Public Hall	776-1 Sugitani	059-396-2319	66
Sakaki	Sakaki Public Hall	303 Sakaki	—	16
Shoutouen	Shoutouen Public Hall	417-185 Ojima	—	36
Ojima	Ojima Public Hall	1687-1 Ojima	—	33
Taguchishinden	Taguchishinden Public Hall	2256 Taguchishinden	—	42
Miyama	Miyama-ku Public Hall	232-32 Taguchishinden	—	13
Taguchi	Taguchi Public Hall	2495 Taguchi	—	56
Hioka	Hioka-ku Public Hall	117-66 Taguchishinden	—	16
Kirihata	Kirihata Public Hall	578-8 Kirihata	—	12
Nenohira	Nenohira Public Hall	114-1 Nenohira	—	10
Ippongidanchi	Ippongi Public Hall	895-44 Sakaki	—	24
Aobadai	Aobadai Public Hall	1572-187 Sugitani	—	39

Designated evacuatin Shelter				
Name	Location	Phone	Capacity	
Asakami Elementary School	66 Tabika	059-396-0004	294	
Happu Junior High School	3808-18 Tabika	059-396-0012	338	

Facility that supplements shelters				
Name	Location	Phone	Capacity	
Asakami Kindergarten / Asakami Nursery School	3306-2 Tabika	059-396-0114	44	
Hokubu Child Care Support Base Facility	4293 Tabika	059-396-0707	41	

Flood inundation depth legend	Evacuation actions, etc.
Areas with risk of bank erosion	Early evacuation is required as there is a risk that houses may collapse due to bank erosion.
Area with a risk of houses being submerged.	Early evacuation is required as there is a risk that the second floor or higher of a house may be flooded.
Areas with risk of inundation above floor level	Evacuate to the second floor and or higher of your house or to a shelter, as inundation above floor level is expected.
Areas with risk of inundation below floor level	Stay home and do not go outside even when the flooding begins.
